Coolant Pads

Reliably Engineered, Precisely Produced.

Introducing... The "Unsinkable" Pad

- Unsinkable 3-ply pad that floats in your tank even when detergents and soaps are present.
- Skim tramp oil off coolant and start saving money on costly coolant replacement and disposal.
- Absorbs and retains oils and oil-based liquids like lubricants or fuels.

Pads:

- Sized at 13.5" x 15" – and perforated so you can use as a smaller pad as needed. Each bag has 25 pads.
- Packaged in a handled poly bag for easy storage near the machine.
- Up to 1.3 gallon absorbency per package of 25.
- 4 bags of 25 pads per box. 30 boxes per pallet.

Pillows:

- White outer cover with the same blue particulate matter to achieve the same results as the pad.
- Pillows are sized at 9" x 15".
- Up to 9.8 gallon absorbency per box of 10 pillows.
- Custom sizes are also available.

| PART# | DESCRIPTION | SIZE | UNITS/BAG | BAGS/BOX |
|------------------------|-----------------------------------|-------------|-----------|--------------|
